

Cover Crop Funding Available

Potential Benefits of Cover Crops

- Provide nutrients
- Suppress weeds
- Increase yield
- Improve soil health
- Protect water quality
- Reduce production costs

\$12 per acre cost share
Maximum 200 acres per landowner

Application deadline:
July 2, 2018

Application Process:

- ⇒ Application available at Soil & Water office or online at www.lickingswcd.com.
- ⇒ Applications to be submitted to Licking County Soil & Water office by 4:30 pm July 2, 2018
- ⇒ Applications will follow a ranking process; if approved an agreement will be completed.
- ⇒ Tillage/planting information and FSA map must be provided with application.

Requirements:

- ⇒ Must use certified seed or submit an approved germination test completed by ODA.
- ⇒ Seeding rates and dates must meet NRCS standards. Soil & Water will provide resources.
- ⇒ Notify Soil & Water within 5 days of seeding for field inspection.
- ⇒ Participants are responsible for all costs, payment made after crop installed and documented.
