

NATIVE CONIFER SPECIES

Eastern White Cedar

Mature Height: 40–45'
Mature Width: 12–15'
Growth Rate: S–M
Light Required: S, P
Soil Moisture: M, W
Soil pH: N

Comments/Uses: Ornamental, wet-footed

White Pine

Mature Height: 60–80'
Mature Width: 20–40'
Growth Rate: F
Light Required: S
Soil Moisture: M
Soil pH: A, N

Comments/Uses: timber, windbreak, wildlife

Order online

www.LickingSWCD.com

Get in touch with your roots and order your trees today! The tree species offered changes a little bit each year but we strive to offer a diverse option of hardwoods, ornamentals, and shrubs. Learn more about the trees, visit the ODNR - Division of Forestry website.

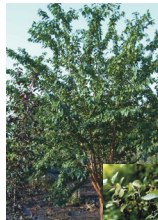

NATIVE BROADLEAF SPECIES - SMALL TREES & SHRUBS (<20')

American Plum

Mature Height: 15–25'
Mature Width: 15–25'
Growth Rate: F
Light Required: S
Soil Moisture: D, M
Soil pH: N

Comments/Uses: edible fruit, fragrant flower, attracts birds

Chokecherry

Mature Height: 20–30'
Mature Width: 15–20'
Growth Rate: M
Light Required: S, P, SH
Soil Moisture: M
Soil pH: N

Comments/Uses: edible fruit, showy white flowers

Pawpaw

Mature Height: 15–30'
Mature Width: 15–30'
Growth Rate: M–F
Light Required: S, P
Soil Moisture: M, W
Soil pH: A, N

Comments/Uses: edible fruit, wildlife

Redbud

Mature Height: 25–30'
Mature Width: 26–33'
Growth Rate: M
Light Required: S, P
Soil Moisture: M, W
Soil pH: B

Comments/Uses: adaptable, edible pink-magenta flowers

Red Osier Dogwood

Mature Height: 20–30'
Mature Width: 20–25'
Growth Rate: M–S
Light Required: S, P
Soil Moisture: M
Soil pH: A

Comments/Uses: spring flowers, red/burgundy autumn color

Witch Hazel

Mature Height: 15–20'
Mature Width: 15–20'
Growth Rate: M
Light Required: P, SH
Soil Moisture: M
Soil pH: A

Comments/Uses: attractive fall color, wildlife, medicinal

NATIVE BROADLEAF SPECIES - LARGE TREES

Black Walnut

75–100'
Mature Width: 20–40'
Growth Rate: M
Light Required: P, SH
Soil Moisture: D, M
Soil pH: A

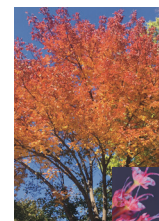

Comments/Uses: edible fruit, fragrant flowers, good shade

Ohio Buckeye

Mature Height: 20–40'
Mature Width: 20–40'
Growth Rate: M
Light Required: S, P, SH
Soil Moisture: M, W
Soil pH: A

Comments/Uses: attracts wildlife, Ohio's state tree

Red Maple

Mature Height: 40–70'
Mature Width: 30–50'
Growth Rate: M
Light Required: S, P
Soil Moisture: W
Soil pH: A

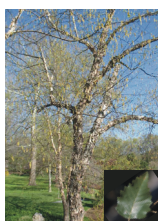

Comments/Uses: lovely fall foliage, wildlife

Red Oak

Mature Height: 50–60'
Mature Width: 50–60'
Growth Rate: F
Light Required: S
Soil Moisture: D, M
Soil pH: N

Comments/Uses: tolerates dry conditions, timber, landscaping

River Birch

Mature Height: 40–70'
Mature Width: 40–60'
Growth Rate: F
Light Required: S, P
Soil Moisture: W, M
Soil pH: N

Comments/Uses: unique flaky bark, wildlife

Swamp White Oak

Mature Height: 50–70'
Mature Width: 50–70'
Growth Rate: S–M
Light Required: S, P
Soil Moisture: M
Soil pH: A

Comments/Uses: adaptable, bottomlands, timber, wildlife

NATIVE BROADLEAF SPECIES - LARGE TREES (CONT.)

Tuliptree

Mature Height: 60–90'
Mature Width: 30–50'
Growth Rate: F
Light Required: S
Soil Moisture: M
Soil pH: A

Comments/Uses: showy flowers, attracts wildlife, medicinal

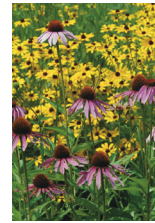

White Oak

Mature Height: 50–70'
Mature Width: 50–70'
Growth Rate: S–M
Light Required: S, P
Soil Moisture: D, M, W
Soil pH: N

Comments/Uses: timber, wildlife, long-lived, ornamental

ADDITIONAL ITEMS

FREE TREES FOR STUDENTS

Licking Soil & Water is offering free trees to students through the generous support of our sponsors, thank you! Seedling trees are given to elementary and middle school schools who serve Licking County students. We offer two options to schools to participate in this program that allows students to gain a sense of stewardship towards the land.

Option 1: Each student receives a white pine sapling tree to take home and plant in a location of their choosing. This option is ideal for schools where most students have a place at home to plant a tree.

Option 2: Requested sapling trees, including a variety of native species, are to be planted on school grounds. This

option is perfect for enhancing an outdoor classroom on the school property and to provide future learning experiences for students.

In addition to the seedling trees, each school will receive tree planting guides and educational resources to use in the classroom. Most importantly, the free seedling trees program is an opportunity to show students how vital trees are to their health, community, and the environment.

Order trees by Friday, April 2nd for pick-up on Monday, April 19th. For more information and to order seedling trees, contact Jackie, Jackiebruns@LickingSWCD.com, 740-670-5330 or visit www.lickingSWCD.com.
