In 2015, Licking County Cover Crop Cost Share producers planted over 1,000 acres of cover crops and kept over:

- **200 tons of soil** from eroding into our streams,
- **2,000 pounds of phosphorous** on the land, and
- **4,500 pounds of nitrogen** out of the waterways.

Program Specifics:

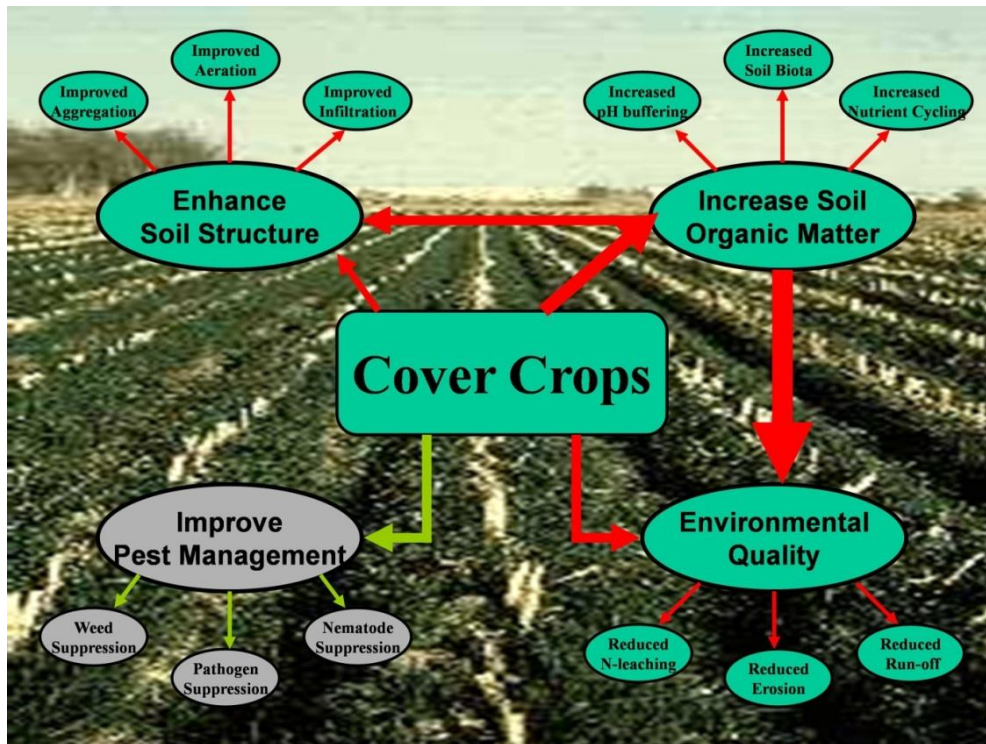

\$12 per acre reimbursement once seeding completed and expenses submitted

Requirements:

- Field(s) must be in MWCD watershed
- 200 acre maximum per farm
- Fields must be planted in soybeans or corn silage
- Seeding to meet NRCS seeding standards (ex. oats by Sept. 5th, cereal rye by Nov 1st)

Application Process:

- Applications will follow a ranking process
- Tillage/planting information and FSA map must be provided with application
- Application available at Soil & Water office or online at www.lickingswcd.com

Need more information? Contact Licking Soil & Water at (740) 670-5330 or visit www.lickingswcd.com.

Application Deadline: June 15, 2016
