

Division of Surface Water
NPDES Small MS4 General Permit
(OHQ000002) Annual Reporting Form

Instructions for completing this form:

- OHQ000002 requires that this form be used when submitting annual reports. You may request approval to use your own reporting format.
- Annual Reports are due annually on or before April 1st.
- Complete the form and sign and date the certification statement below.
- If more space is needed than is provided, identify within the provided space that Attachment A, B, C, etc. has been attached.
- If an item of the form is not applicable for your program (such as street sweeping), fill in N/A in the space provided.
- Don't include attachments such as brochures, newspaper clips, sign-in sheets, etc. related to your program with this form. You only need to summarize these within this report. These records must be filed and will be needed during program audits.
- When complete, submit this Annual Report form to the following address:

Ohio Environmental Protection Agency
Division of Surface Water
Storm Water Program – Small MS4
P.O. Box 1049
Columbus, Ohio 43216-1049

Small MS4 Annual Report for Year:	2013 (CY 2012)				
Ohio EPA Facility Permit Number:	4GQ10011*BG				
Name of MS4:	Licking County & Others				
Primary Contact:	Tim Bubb	Title:	Licking County Commissioner		
Mailing Address:	20 South 2 nd Street				
City:	Newark	Zip Code:	43055	County:	Licking
Telephone Number:	740-670-5110	Email Address:	tbubb@lcounty.com		

Include or attach a Table of Organization. Indicate who (name and contact information) is responsible for overall management and implementation of your program, and if different, each minimum control measure of your program. Identify how development and implementation across multiple positions, agencies and departments occur. Also, identify any Memorandum of Understandings (MOUs) or other such agreements that exist.

Existing MOUs:

1. MOU between Licking County Planning & Licking County Soil & Water Conservation District (LCSWCD) regarding development plan review and site inspection.
2. MOU between Licking County Engineer, Licking County Commissioners, and LCSWCD regarding maintenance of petition ditches including post construction BMPs where present.

See attached attachment A: Table of Organization.

See attachment B: Schedule for elimination of illicit connections that have been identified but have not yet been eliminated.

See attachment C: Flood Plain Management.

See attachment D: Construction sites active during reporting period

See attachment E: Additional Lists and supplemental information.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including possibility of fine and imprisonment for knowing violations.

SMALL MS4 ANNUAL REPORT FORM

PUBLIC EDUCATION & OUTREACH

Estimate Your Permit Area's Total Population: 17,000

BMP (mechanism) & Responsible Party	Measurable Goal	Theme or Message	Target Audience	% of Target Audience Reached	Summary of Results	Effective (Yes or No)
Newspaper Articles	Provided storm water related articles on a quarterly basis to the Buckeye Lake Beacon.	Highlight storm water importance to the general public. Present ways to reduce runoff and non-point source pollution discharge to streams.	Adults living in the Village of Hebron.	Goals were fully achieved.	Articles published 4 times in the Buckeye Lake Beacon. Topics included After the snow melts, Do's & Don'ts around the house, Where does it go? Leaves and Pools.	Yes
Village of Hebron Stormwater Coordinator						
Provide Stickers about storm water issues on monthly utility bills.	Reach all utility users in the Village.	Illicit discharge, use of fertilizers & pesticides, leaf cleanup and other storm water topics.	All utility system users.	100%	Posted message on labels placed on utility bills three times. Topics included Hebron storm drains flow to the South Fork of Licking River, keep your stormwater clean, Illicit discharge reporting information.	Yes
Village of Hebron Stormwater Coordinator						
School presentation activities	1 School	Reducing runoff volume, general storm water education awareness. Show how to prevent polluting our streams and rivers.	1 st grade students at Hebron Elementary School.	100%	Presentations were completed reaching 140 school children in 1 school. (Program also benefits Buckeye Lake, Licking and Union Townships.)	Yes
Village of Hebron Stormwater Coordinator	140 students					
Have the LCSWCD Educational Trailer at the Hebron Music and Arts Festival.	Have brochures and information available for the general public regarding storm water and storm water pollution.	Reducing runoff volume, general storm water education, watershed awareness, and ways to prevent storm water pollution.	Residents of the Village of Hebron.	25%	Viewers left with a better understanding of the cause and effects of storm water pollution on our rivers and streams and how they can work to reduce this pollution.	Yes
Village of Hebron Stormwater Coordinator						
Distribute pamphlets on pesticides and their effect on storm water pollution.	Have brochures available at public buildings and community events.	How pesticides harm the environment and cause pollution to our rivers and streams. How individuals do things to harm the environment.	Residents of the Village of Hebron.	Information available at 3 public buildings and community events.	Brochures were available at Hebron Village Hall, Police Department, the library and the Hebron Music and Arts Festival. In addition, information is available online at the Village's stormwater website.	Yes
Village of Hebron Stormwater Coordinator						
Storm Sewer Stenciling	Mark/identify storm water inlets	"No Dumping - Drains to Waterways" EPA decals	All residents	100%	Stenciled 464 storm sewer inlets	Yes
Village of Granville						
Newspaper Articles	Provide Articles concerning storm water on steady basis to the local newspaper	Show ways to reduce runoff into streams. Reduce non source pollution into streams. Emphasize the importance to the Public of Storm water control	All Residents both permanent and part time in the Village	Goals were achieved	Articles published	Yes
Public Works Director Village of Buckeye Lake	The Buckeye Lake Beacon					

SMALL MS4 ANNUAL REPORT FORM

Quarterly reminders in utility bills about benefits of both recycling and trash pick-up	Reach all utility users in the Village	Increasing public awareness for the need in both of these areas	All residents receiving a utility bills	100%	Information included in utility bill mailing.	Yes
Public Works Director Village of Buckeye Lake						
School Presentation activities	Presentation done by Lakewood Schools includes many students from Buckeye Lake.					
Public Works Director Village of Buckeye Lake						
Granville Township Website	Website hits	Links to USEPA NPDES information <i>Citizen guide to clean water</i> <i>Prevent watershed pollution</i>	Township residents & site visitors	Unknown		YES
Granville Township administration						
Stormwater Brochure	Had brochures available in five public buildings plus Hartford Fair.	<i>Rain Barrels, Rain Gardens, What Watershed Do You Live In?</i> , and a general educational brochure on stormwater issues.	Residents within the Licking County Partnership area	Information available at several locations. Plus Hartford Fair.	Brochures were available at the Licking County (LC) Annex, LCSWCD, LC Planning Commission, LC Engineers Office, LC Health Dept., Hebron Village Hall, Granville Village Hall, and was at the Hartford Fair.	YES
Licking County SWCD, All members of the partnership						
Rain Barrel Workshops	Teach 5 rain barrel workshops to at least 5 people	Reducing runoff volume and building and incorporating rain barrels from your home	At least 25 Licking County Partnership residents	>100%	Held 5 workshops with total attendance of 183.	YES
Licking County SWCD						
Participation in 10 community events	Had dedicated, staffed booth at 5 different community events within the boundaries of the Licking County Partnership to distribute NPDES related information	Reduce Storm water Pollution	Residents attending the 5 community events	50%	Distributed out stormwater brochures, had a display and activities	YES
All members of the partnership and LCSWCD						
Newsletter and Newspaper articles	Print a stormwater related article in each quarterly LCSWCD newsletter and submit 6 articles to local newspapers	Reduce the non-point source pollutants running off of your property	Licking County Partnership residents	50%	Articles printed in Newsletter with quarterly distribution of approx. 2500	YES
Licking SWCD and members of the partnership						
Website	Post stormwater information and links on six websites and review storm water information located on our various websites annually	Reduce Storm water Pollution	General Public / Visitors of websites	100%	Updated & expanded information placed on websites. LCSWCD reports >162,000 website hits.	YES
Licking SWCD, Licking County, Townships, and Villages						

SMALL MS4 ANNUAL REPORT FORM

Stream Team Training	Hold 6 Stream Team Training Session with average attendance of 10 people	Teach individuals to monitor streams for water quality in their communities and report results to the SWCD for documentation. Testing materials provided to participants.	Interested residents within Licking County	>100%	Six training sessions held with total attendance of 244.	YES
Licking County SWCD						
Direct Mailing to residents within the FEMA floodplain & fringe.	Send mailing to all floodplain residents.	MS4 program information and outline of Minimum Control Measures	Residents near streams and ditches in the Partnership area. (12% of UA is within floodplain)	100%	Included information brochure developed by Licking County Engineer's Office in mailing sent by Planning Department	YES
Licking County Planning Department						
Sewage and Wastewater Elimination Program (SWEEP)	Contact homeowners with home septic treatment systems with questionnaire.	Questionnaires mailed to survey type and condition of HSTS	All homeowners thought to have HSTS.	100%	9926 homeowners were contacted. Questionnaire return rate was 27%. Local sewage haulers reported increase in pumping & service calls.	YES
Licking County Health Department						
Sewage and Wastewater Elimination Program (SWEEP)	Homeowner education workshops held.	Proper and necessary maintenance of HSTS for homeowners.	All homeowners thought to have HSTS.	% unknown	75 individuals attended one of the three homeowner education workshops.	YES
Licking County Health Department

PUBLIC EDUCATION & OUTREACH

- Summarize activities you plan to undertake during the next reporting cycle.

BMP (mechanism) & Responsible Party	Measurable Goal	Theme or Message	Target Audience	% of Target Audience to be Reached	Summary of Planned Activities	Proposed Schedule
School Programs	To reach at least 140 students within the Village and educate them on storm water pollution reduction and the importance of storm water on the environment.	Care for your rivers and streams and the environment.	1 st graders at Hebron Elementary School.	100%	Watershed education lessons, coloring contest, tour of the municipal building.	January – June and September – December conduct school programs when requested by teachers and school administrators.
Village of Hebron Stormwater Coordinator						
Newspaper Articles	Publish stormwater related articles once a quarter in the Buckeye Lake Beacon.	Reduce the non-point source pollutants running off your property and into our rivers and streams.	Hebron Residents	50%	Write storm water related articles and submit them to the Buckeye Lake Beacon once a quarter. Topic to be relevant to the time of year.	Quarterly
Village of Hebron Stormwater Coordinator						
Messages on utility bills	Include messages on four utility bills per year.	Tips on preventing stormwater pollution.	All Village of Hebron residents.	100%	Post messages on neon labels on utility bills 2 times a year.	Biannually
Village of Hebron Stormwater Coordinator						
Invite LCSWCD Education Trailer to Hebron Music and Arts Festival	Have staffed trailer at event to distribute literature regarding stormwater runoff and pollution.	Reduce stormwater pollution.	Residents of the Village of Hebron.	50%	Pass out stormwater brochures, have a display and provide activities for kids.	September
Village of Hebron Stormwater Coordinator						
Attend area organizational meetings to discuss storm water issues	Discuss stormwater issues with various organizations such as Hebron Business Assoc., Lions Club and Historical Society.	Reduce stormwater pollution.	Residents of the Village of Hebron	25%	Discuss issues the Village is facing and what it is doing. How can businesses help prevent stormwater pollution.	Quarterly
Village of Hebron Stormwater Coordinator						

SMALL MS4 ANNUAL REPORT FORM

Promote Village's storm water website	Post stormwater information and links to other websites and review storm water information as it affects the Village of Hebron.	Reduce stormwater pollution.	Residents of the Village of Hebron	100%	Update and expand information provided, add pictures and links to educate people on how they can reduce storm water pollution.	Throughout the year
Village of Hebron Stormwater Coordinator						
Participation in 5 community events	Have dedicated, staffed booth at 5 different community events within the boundaries of the Licking County Partnership to distribute NPDES related information	Reduce storm water pollution	Residents attending the 5 community events	Unknown	Pass out stormwater brochures, have a display and provide kids' activities	Participate in: March - Home & Garden Show April - Dawes Arbor Day May - Utica Ice Cream Parade July - Granville 4th of July September - Hebron Music Festival
All members of the partnership						
Getting our storm water message to the public in a more consistent manner	Working with BLOT to inform residents and visitors of the importance of controlling storm water run-off into the lake.	Merv Barthalow meets with several groups a month emphasizing the importance of each individual doing their part to reduce polluted run-off.	All residents and visitors to the Village	100%		Monthly
Public Works Director Village of Buckeye Lake						
Utilizing our Web site to get across the storm water message.	Getting information to Buckeye Lake Clerk to be included on our Web-Site	Keeping our message fresh and staying on a steady basis making up to date information available on monthly	All viewers of our web site	100%		Monthly
Public Works Director Village of Buckeye Lake						
Newspapers	Getting our message out in quarterly articles published in the Buckeye Lake Beacon	Info the average citizen can use to help the Village attain our goal	All residents	100%		Quarterly
Public Works Director Village of Buckeye Lake						

SMALL MS4 ANNUAL REPORT FORM

Attend local organizational meetings to discuss storm water issues	Make presentations to local organizations such as, the Civic Association, Church Groups, The Greater Buckeye Lake Museum	Increase public awareness of things each individual can do on a regular basis to reduce stormwater pollution.	Members of those organizations	75%	Make such presentations	Periodically throughout the year.
Public Works Director Village of Buckeye Lake						
Make site available for Stream Team and similar clinics	Number of clinics held	Water quality is streams	Local clinic sponsors	unknown	Provide suitable site for clinics	Throughout the year
Granville Township						
Rain Barrel Workshops	Teach 5 rain barrel workshops to at least 5 people	Reducing runoff volume and building and incorporating rain barrels from your home	At least 25 Licking County Partnership residents	100%	Conduct 5 rain barrel workshops in late spring, summer, and early fall	March-July advertise workshops April- July: conduct the workshops
Licking County SWCD						
Direct Mailing to residents within the FEMA floodplain & fringe.	Send mailing to all floodplain residents.	MS4 program information and outline of Minimum Control Measures	Residents near streams and ditches in the Partnership area. (12% of UA is within floodplain)	100%	Include information brochure in mailing sent by Planning Department	In March or April

PUBLIC INVOLVEMENT/PARTICIPATION

BMP (Activity) & Responsible Party	Measurable Goal	Theme or Message	Target Audience	Estimate of People Participated	Summary of Results	Effective (Yes or No)
Stormwater topics added to council agendas	Council meetings with such activities.	Provide the public an opportunity to hear what the Village is doing in regards to stormwater pollution and to allow the public to voice their opinions and concerns.	Village of Hebron residents and Village Council	Unknown	Such items were on the agenda from time to time	Yes
Village of Hebron Stormwater Coordinator Village Council						
Participated in Licking County River Roundup	Encouraged Village residents to participate in the County River Roundup cleanup day.	Remove trash, debris and other pollutants from the North Fork of the Licking River and tributary streams.	Residents of Hebron	Unknown	Help with the cleanup of trash from the river.	Yes
Village of Hebron Stormwater Coordinator						
Met with industries to discuss their BMP plans and devices	To meet with industries and review their stormwater management system and how to make it work affectively and provide input for items that needs to be addressed in order for the devices to work affectively.	What is happening at their facility that can affect the Village's stream, rivers and waterways.	Businesses in the Village of Hebron	Unknown	Discussed their facilities and what needed to be done in the way of pollution prevention.	Yes
Village of Hebron Stormwater Coordinator Consulting Engineer						
Clean-Up/Fix-Up Week	Household goods, furniture, etc. - hauled away by Big O Refuse (11 - 30 yard dumpsters)	Reduce trash and litter from entering waterways, Reduce storm water runoff pollution from properties	Residents within the Village of Granville	Village of Granville residents; 330 yards of trash were collected	Participants enhanced their community by properly disposing of unused and unwanted items	YES
Village of Granville						
Hazard Waste Pick-Up	Hazardous waste pick-up throughout Granville - waste paint; once per year; picked up by Clean Water Dayton Waste Oil picked up by Environmental Specialist of Columbus	Reduce potential of hazardous waste being dumped into waterways, storm sewers and sanitary sewers through proper disposal	Residents within the Village of Granville	Unknown	Participants enhanced their community by properly disposing of hazardous waste	YES
Village of Granville						
Resolution of support for River Roundup	Adopt Resolution	Support for the Licking County River Roundup	Township and community residents	Unknown	Resolution Adopted	YES
Granville Township Trustees						
Sponsor Earth Day Clean-up	Clean up township roadsides	Clean up township road side for community improvement and reduce litter delivery to streams	All township residents	Unknown	Several miles of road side cleaned up.	YES
Licking Township Trustees						
Sponsor community brush cleanup in spring.	Provide means for citizens to recycle brush cuttings	Community cleanup to keep brush etc. out of storm system	All township residents	Unknown	Community brush collections chipped & recycled by Township	YES
Newark Township Trustees						

SMALL MS4 ANNUAL REPORT FORM

County-wide River Round-up	Organize and facilitate participation in community and stream clean-up program	Improve stream quality by removing refuse from streams & headwaters within Licking County	All residents within Licking County, especially the Partnership's areas.	100%	Weather was poor for the event; known participants from Granville, Hebron and Buckeye Lake areas collected materials from several miles of river.	YES
Licking County Recycling Licking County SWCD Support of all Partners						
Stormwater Task Force to meet.	Two meetings	Compliance with MS4 program	Licking County Partners and cooperating agencies	100%	Three meetings were held	YES
Licking County						

SMALL MS4 ANNUAL REPORT FORM

PUBLIC INVOLVEMENT/PARTICIPATION

- Summarize activities you plan to undertake during the next reporting cycle.

BMP (Activity) & Responsible Party	Measurable Goal	Theme or Message	Target Audience	Estimate of People to Participate	Summary of Planned Activities	Proposed Schedule
Continue to add storm water topics to council agenda	Discussion of storm water topics in the community.	MS4 Program	Village of Hebron residents	5	Publicize opportunity for public comment at Council meeting	Quarterly
Village of Hebron Stormwater Coordinator						
Participate in River Roundup	Provide volunteers for River Roundup program. Focus on streams in the Village that feed the Licking River.	Cleanup our waterways to prevent storm water pollution.	Village of Hebron residents	10	Publicize event and encourage volunteers.	September
Village of Hebron Stormwater Coordinator						
Continue to meet with industries to discuss their BMPs and stormwater management systems	Ensure that industries are doing their part to produce unpolluted stormwater runoff.	MS4 Program and non-point source stormwater pollution.	Village of Hebron Industries	10	Schedule meetings to discuss ongoing stormwater discharge.	April thru October
Village of Hebron Stormwater Coordinator						
Look for other ways to involve the community	Consider developing a rain barrel program for residents, look to plant native trees and shrubs in Evans Park.	Stormwater pollution prevention	Village of Hebron residents	15	Publicize events and programs and encourage volunteers	March thru October
Village of Hebron Stormwater Coordinator						
Clean-Up/Fix-Up Week	Household goods, furniture, etc. - hauled away by Big O Refuse	Reduce trash and litter from entering waterways, Reduce storm water runoff pollution from properties	Residents within the Village of Granville	Village of Granville residents	Participants enhancing their community by properly disposing of unused and unwanted items	Fall 2013
Village of Granville						
Comment & Complaint Form developed	Make form available to Village residents	Provide means for public comment and/or feedback to programs, etc.	All concerned or affected residents	Unknown	Form available at Village Offices	CY2013
Village of Granville						
Sponsor Earth Day Clean-up	Clean up township roadsides	Clean up township road side for community improvement and reduce litter delivery to streams	All township residents	Unknown	Provide trash bags and trash removal means for the participants.	Earth Day weekends 2013
Licking Township Trustees						

SMALL MS4 ANNUAL REPORT FORM

County-wide River Round-up	Organize and facilitate participation in community and stream clean-up program	Improve stream quality by removing refuse from streams & headwaters within Licking County	All residents within Licking County, especially the Partnership's areas.	200	Facilitate river cleanup to occur in September	Promote during summer, Obtain resources & sponsors Stage the event.
Licking County Recycling Licking County SWCD Support of all Partners						
Stormwater Task Force to meet.	Three meetings	Compliance with MS4 program	Licking County Partners and cooperating agencies	12 people average attendance	Hold three meetings to discuss program, UA boundaries, reporting.	Meetings about January, May and October.

Used only as necessary to maintain public safety. Used only as necessary, spreaders calibrated, "beet juice" additive for low temperatures. Used only as necessary, obtained from supplier as needed (no on-site storage used) Used only as necessary, 2:1 salt/sand mix to extend volume.							

SMALL MS4 ANNUAL REPORT FORM

	Procedures Developed (Yes or No)	Gallons Used	Summarize Measures Taken to Minimize Usage
Pesticide & Herbicide Usage	Hebron: YES	94	Hebron: Followed label direction. Used care to avoid use near drainageways, catch basins or open water. Items used included Altosid XR, Duet Dual Action, Killzall II and Weeder.
	Village of Granville: Yes	Unknown	Village of Granville: Roundup only product used.
	Madison Township: Yes	100	Madison Twp.: spot applications according to label.
	Buckeye Lake: NO	5	Buckeye Lake: Glyphosate spot treatments according to label.
	Licking County: Yes	4920	Licking County: used according to label and where needed for public safety.
	Newton Township: Yes	10	Newton Township: spot spraying only as needed.
	Licking Township: Yes	200	Spot spray according to label.
	Procedures Developed (Yes or No)	Pounds Used	Summarize Measures Taken to Minimize Usage
Fertilizer Usage	Hebron: YES	0	Hebron: Trained staff to use care in application and avoid use near drainageways, catch basins or open water.
	Village of Granville: NO	0	Village of Granville: Fertilizer not used.
	Madison Twp.: YES	0	Madison Twp.: Fertilizer not used.
	Buckeye Lake: YES	0	Buckeye Lake: Fertilizer not used.
	Licking County: Yes	0	Licking County: Fertilizer not used.
	Newton Township: Yes	0	Newton Township: Fertilizer not used.
	Licking Township: Yes	0	Fertilizer not used.
	Procedures Developed (Yes or No)	Document Amount of Material Collected and Properly Disposed	
Street Sweeping	Hebron: YES	Hebron: 3 tons to sanitary landfill.	
	Village of Granville: YES	Village of Granville: approx. 24 cu yd. to sanitary landfill.	
	Madison Twp.: YES	Madison Twp.: No street sweeping	
	Buckeye Lake: YES	Buckeye Lake: No street sweeping	
	Licking County: Yes	Licking County: No street sweeping	
	Newton Township: Yes	Newton Township: No street sweeping	
	Licking Township: Yes	Licking Township: No street sweeping	
Flood Management Projects	Summarize any New or Existing Flood Management Projects that were Assessed for Impacts on Water Quality		
	None		

SMALL MS4 ANNUAL REPORT FORM

POLLUTION PREVENTION/GOOD HOUSEKEEPING FOR MUNICIPAL OPERATIONS

- Summarize activities you plan to undertake for the next reporting cycle.

BMP & Responsible Party	Measurable Goal	Summary of Planned Activities	Proposed Schedule
Employee Training Program	Train all involved employees	Hold training sessions, obtain training sources & materials for Partnership, or support Partners with their training efforts.	One or more for County & Partners in 2013 Train prior to winter activities.
All Partners			
List of Facilities Subject to Program	Licking County Garage; Hebron Village Garage; Buckeye Lake Garage; Village of Granville Garage; Madison Twp. Garage; Union Twp. Maintenance Garage; Newton Township Garage; Newark Township Garage.	Keep list current Develop SWPPP for facilities without. Improve inspection rate, i.e. inspect at least annually	Ongoing list, needed plans developed by end 2013.
All Partners			
MS4 Maintenance	Inspect all municipal facilities.	Inspect all municipal facilities	Inspect all facilities during 2013
All Partners			
Disposal of Wastes	Dispose of all wastes properly	Dispose of wastes in dumpster (sent to sanitary land fill) or as appropriate	Ongoing
All Partners			
Road Salt	Keep salt covered and minimize usage	Inspect salt storage facilities	Third Quarter of 2013
All Partners			
Pesticide & Herbicide Usage	Use pesticides and herbicides according to FIFRA	Use pesticides and herbicides only as necessary for control of target. (Ditch maintenance; ROW maintenance, etc.)	Throughout growing season 2013
All Partners			
Fertilizer Usage	Use fertilize only as necessary.	Use fertilize to promote vegetation (grass) for erosion control where needed; limit phosphorus fertilizer usage.	As required during 2012 growing season
All Partners			
Street Sweeping	Properly dispose of street sweepings	Send street sweeping & catch basin debris to sanitary landfill; keep stored debris accumulation under cover	Throughout 2012
All Partners			
Flood Management Projects	Evaluate all new flood management projects in MS4	Assess new flood management projects for impacts on water quality	Review project as they are proposed.
All Partners			

SMALL MS4 ANNUAL REPORT FORM

PROPOSED CHANGES TO YOUR SWMP (IF ANY)

- Summarize any proposed changes to your SWMP, including changes to any BMPs or any identified measurable goals that apply to the program elements. If you fail to satisfy measurable goals for the reporting year, please explain why.

Population: Re estimated, based on 2010 census figures available.

MCM#3 Comments:

- It was anticipated that outfall dry weather screening would be completed in CY 2012; this was not accomplished. A greater number of outfalls were screened than the previous year, so it is anticipated that dry weather screening can be completed this calendar year.
- Storm Sewer system Mapping has continued in 2012. It was still not possible to complete fieldwork in some of the partnering communities; the Licking County Engineer's Office is performing the necessary field work and compiling GIS mapping from data already collected. It is unknown if this mapping can be completed by the end of this permit term.
- HSTS mapping continues to progress. The Licking County Health Department was able to increase activities during 2012 due to a grant whereby they held educational meetings for home owners with on-site systems. The Health Department was also able to improve the accuracy of their septic system data base which should help with locations of discharging systems. Actual HSTS discharges found have been mapped; we will continue to complete identification of the types and discharge status of all HSTS within the Partnership's UA.

MCM#6 Comments:

- All partners have a basic Municipal Pollution Prevention plan. SWPPPs are still needed at some facilities. Assistance will be given to Partners to write and complete that document as they request.
- Training of partners will be offered by the Licking County Engineer's Office as in the past. A training PowerPoint presentation has also been developed and placed on the County's web site to allow self-training and certifications to those employees unable to attend formal training.

VARIANCES GRANTED (IF ANY)

- Identify and summarize any variances granted under your storm water program.

Licking County Partnership

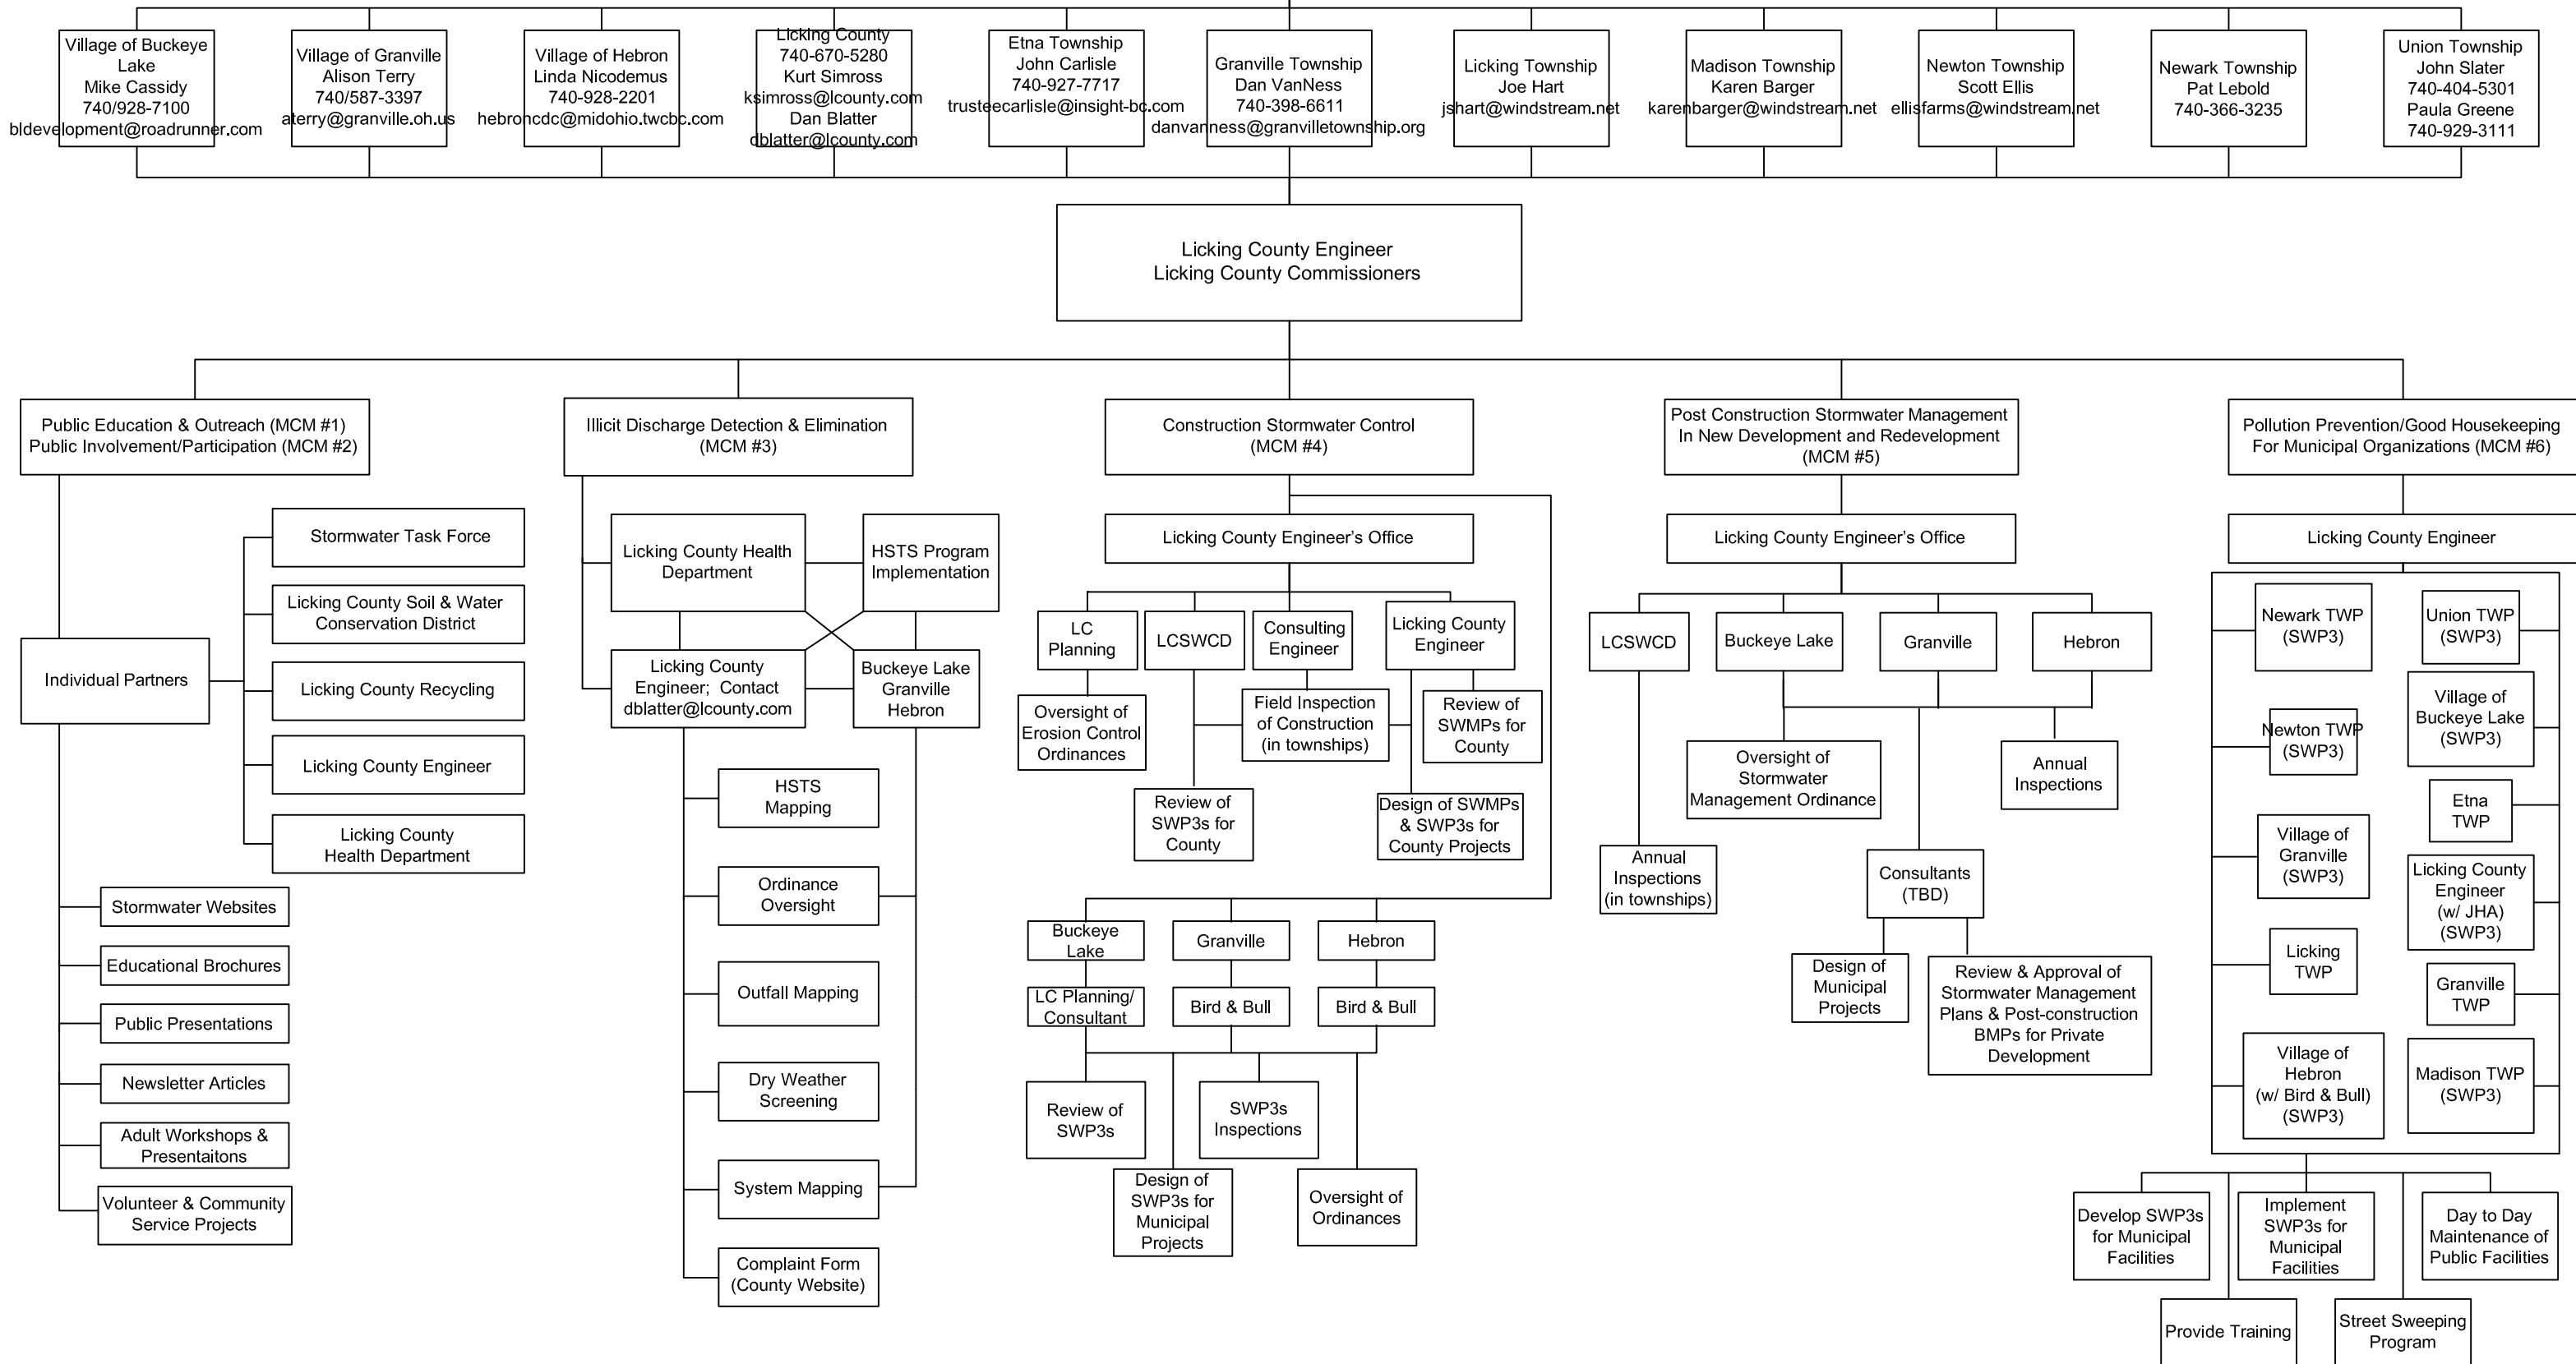

NPDES Phase 2 Stormwater Program

Table of Organization

Licking County Commissioners

740-670-5110

Tim Bubb, Duane Flowers, Doug Smith

Illicit Discharges 2012:

Schedule to address Illicit Discharges (ID) identified but not yet eliminated:

Granville Township:

- #171 – 75 Alberry Dr, Granville – Licking County Health Department working with owners. Remedy anticipated by end of May.
- #1207 & #1209 – both at 2005 Columbus Rd, Granville - Licking County Health Department working with owners. Remedy anticipated by end of May.

Hebron Village:

- #795 – - marginally high E. coli – follow-up & resample summer 2013.
- #810 – Private storm discharge into west SR79 road ditch south of Enterprise Dr. – Owner contacted – cleanup anticipated by end of May 2013.

Village of Granville:

- #O-9 – South side of Bike Path east of park area (discharge through pipe from paved open channel. Will revisit when weather suitable. Source said to be a spring.
- #O-26 – Storm sewer discharge from east on north side of Newark-Granville Rd. into Clear Run Creek; will search for source when weather suitable.
- #O-36 – Discharge at Cedar St bridge over Clear Run Creek; will search for source when weather suitable- anticipate by end of May

Union Township:

- #303 – HSTS discharge into South Fork of the Licking River; Licking County Health Department working with owners to resolve by end of May.

Flood Plain Management

In addition to the unincorporated areas of Licking County, the Licking County Planning Department now does floodplain management activities for the Villages of Buckeye Lake, Hebron, St. Louisville, Alexandria, Johnstown, and Utica.

2013 (CY2012) MS4 report supplemental information:

List of construction sites active during reporting period (CY2012):

Hebron:

1. Advanced Auto Parts, 610 East Main St, Hebron
 - a. NOI Permit # 4G00945*AG (parent parcel)
2. Spec building #48, Integrity Dr, Hebron
 - a. NOI Permit # 4G03312*AG
3. Canal Road Culverts
 - a. No permit, < 1ac. disturbed
4. Fire House addition, Basin St, Hebron (removed an illicit discharge with new construction)
 - a. No permit, < 1ac. disturbed

Village of Granville:

1. Mill District, LLC, 1919 Lancaster Road, Granville
 - NOI Permit # 4GC03651*AG; July 2012 start date - ongoing
2. Denison University, Chamberlin Lodge, 900 North Loop, Granville
 - Application # 816060ws; Permit # OH4500612 (PWSID); August 2011 start date - ongoing

* Individual home lots are observed monthly during the construction process.

Supplemental Report Information:

POST-CONSTRUCTION STORM WATER MANAGEMENT IN NEW DEVELOPMENT AND REDEVELOPMENT
(MCM5)

List of Sites inspected for long-term BMP performance:

Hebron:

1. Harry & David – 500 Reliance Dr., Hebron.
2. THK Manufacturing- 471 N. High St., Hebron.
3. Hendrickson Axel – 277 N High St., Hebron.
4. Ohio Metal Technology – 470 John Alford Pkwy., Hebron.
5. Greenbriar Village – 121 Blackberry Ln., Hebron.

Etna Township (by Licking County SWCD):

1. Brandy Mill phase II Subdivision – Pataskala, OH.
2. Royal Acres Section 2 Phase 1 – Pataskala, OH.
