

**Happy Holidays
from our team!**

As a team, we count our blessings regularly for our incredible partners and

community members who help us conserve our rich natural resources.

As we celebrate 80 years of service in 2024, we will continue to work towards protecting our natural resources through locally-led conservation efforts by providing leadership, education, and technical assistance.

As you can tell from the photo, our team has grown over the last year. It has been exciting to see our new team members work together and all the fresh ideas being offered to incorporate into programming for next year!

Be sure to follow us on social media as we highlight each of our team members and share the exciting programs we have planned.

We wish each of you a joyous holiday season!

Sincerely,

Kristy Hawthorne, Director
